

ARDIKA RAHMAD SEPTIAN

ardikarahmadseptian78@gmail.com | +6282231695138|www.linkedin.com/in/ @ardika_septian

Information Technology graduate (3.5-year accelerated program) with a strong foundation in full-stack development (React, Node.js), IoT systems, and technology infrastructure. Published a Scopus-indexed international conference paper as First Author, demonstrating research excellence and technical depth. Experienced in delivering scalable solutions through internships and project leadership roles. Analytical, solution-oriented, and highly driven to contribute in software engineering, cybersecurity, and infrastructure-focused environments.

EDUCATION

Telkom University

Sep 2022 - Jan 2026

Bachelor of Information Technology, 3.48 / 4.00

- Awarded admission to Telkom University via the Academic Achievement (JPA) track
- Published a Scopus-indexed international conference paper (ICIC 2025) as First Author..

WORK EXPERIENCE

Scientific Publication ICIC 2025

Mar - Oct 2026

First Author and Presenter

- First Author & Presenter, “Ensemble Voting for Robust MPC in Greenhouse Smart Farming IoT.
- Applied ensemble voting methods to improve the reliability of Model Predictive Control (MPC) in IoT-based smart farming systems.
- Applied Focused on actuator control optimization, system stability, and operational efficiency in greenhouse environments

Internship at the Department of Communication and Informatics of West Java Province

IoT Engineer Intern Internship

Jul 2025 - Aug 2025

- Developed an ESP32-CAM–based smart door lock system with face recognition for automated access control.
- Implemented and tested the system to ensure reliability and secure access in an office environment.

Aquora Smart Water Monitoring System, Bandung

Mar 2026 - April 2026

Web Developer Client Project

- Developed a real-time web dashboard for monitoring water usage and environmental conditions in an IoT-based smart monitoring system
- Contributed to frontend development and data visualization to improve monitoring accessibility and system insights.

Khadijah Islamic Preschool, Sorong

Jan 2025 - Feb 2026

Web Developer Client Project

- Developed a responsive preschool landing page and registration system for client needs.
- Integrated modern frontend design and backend features to improve user accessibility and enrollment processes.

Bimbel Rumah Sukses, Sorong

Sep 2025 - Jan 2025

Project Manager Intern (Capstone Project)

- Managed the development of a registration system and landing page website for Rumah Sukses Foundation and tutoring center in Sorong.
- Coordinated team activities, planned project requirements, and managed project timelines to ensure timely delivery.

PT Mabito Karya Indonesia, Bandung

Jan 2021 - Jun 2021

IT Support Intern Internship

- Performed laptop diagnostics, hardware and software repairs, operating system installation, and device performance optimization..
- Supported production and customer service activities, interacted directly with clients, and developed strong communication and problem-solving skills.

CERTIFICATIONS & TRAINING

Junior Network Administrator Certification

June 29, 2022

Certified Junior Network Administrator

- Competency certification covering network addressing design, installation, and basic network administration.

Computer and Network Engineering Competency Certification (TKJ)

April 25, 2022

Certified in Computer and Network Engineering (TKJ)

- Network requirements analysis, topology design, and IP addressing.
- Wired/wireless network installation, switch and routing configuration.
- Network device security monitoring and management.

MikroTik Certified Network Associate (MTCNA) Exam <i>MTCNA Exam Participant</i> • Demonstrated fundamental knowledge of MikroTik RouterOS configuration and network device management.	March 2022
Network Engineering Training Certification <i>Training Participant</i> • Network topology design and IP addressing planning. • Wired and wireless network configuration and routing implementation. • Performing basic network troubleshooting.	June 2022
Full Stack Web Development Bootcamp IT Box <i>Training Participant</i> • Developed full stack web applications using React for frontend and Node.js for backend. • Built RESTful APIs, implemented database integration, and applied basic authentication and application deployment concepts.	Jun 2025

ORGANIZATIONAL & VOLUNTEER EXPERIENCE

UKM Ikatan Mahasiswa Papua IMMAPA <i>Head of Communication and Information Division (Kominfo)</i> • Led event communication and publications to ensure clear information delivery and effective promotion. • Coordinate and manage a staff of 10 in event implementation. • Successfully reach and engage over 50 external participants in events.	Jan 2024 - Feb 2025
UKM Ikatan Mahasiswa Papua IMMAPA <i>Logistics Staff</i> • Managed event logistics, including equipment preparation, inventory, vendor coordination, and on-site supervision.	Jul 2024 - Des 2024
UKM Ikatan Mahasiswa Papua IMMAPA <i>Chief Organizer</i> • Led the planning and execution of an internal campus seminar, ensuring smooth event operations from preparation to evaluation. • Coordinating 15 committees to ensure the smooth operation of the event. • Attended over 80 participants with an orderly and successful event.	May 2024 - Jun 2024
UKM Ikatan Mahasiswa Papua IMMAPA <i>Member Communication and Information</i> • Managed organizational communication, social media, content creation, and event documentation.	Jan 2024 - Des 2024
Junior Academic Student Association 2023 <i>Staff, Academic Student Association</i> • Assisted in organizing seminars, workshops, and academic events.	Oct 2023 - Des

SKILLS

Technical Skills: Full Stack Web Development (React.js, Node.js), RESTful API Development, Backend Development (Express.js), Database Design & CRUD Operations (MySQL / MongoDB – basic), Computer Networking (TCP/IP, IP Addressing, Routing & Switching), MikroTik RouterOS (basic), Network Troubleshooting, IoT System Development (ESP32, ESP32-CAM), Face Recognition Implementation, System Testing & Deployment
Software: Figma, Visual Studio Code, Git & GitHub, Postman, MikroTik RouterOS, Cisco Packet Tracer, Microsoft Office
Soft Skills: Communication Skills, Teamwork & Collaboration, Problem Solving, Analytical Thinking, Leadership, Time Management, Adaptability, Public Speaking
Language: Bahasa (Native), English (Middle Level).
